ABOUT ME

Policy and Data Analyst with expertise in scientific diplomacy, public finance, and data analysis. Trained in Computational Social Sciences, skilled in R, Python, and policy evaluation frameworks. Seeking to contribute to EU-level research and policy impact through data-driven approaches.

WORK EXPERIENCE

RESEARCH AND PROJECT ASSISTANT – EUROPEAN COMMISSION - DG COMM (CONTRACTOR) – 15/03/2026 – Current – BRUSSELS, BELGIUM

- Media consumption dashboard (end to end)**:** Took a raw, messy pan-EU media consumption survey through to a finished dashboard for DG COMM. This included cleaning and restructuring the data, accounting for the survey's split-ballot design, building composite indices (e.g. news media engagement, openness to EU content) and defining nine audience segments to guide campaign targeting.
- Communications performance index**:** Designed a composite score that turns media monitoring, social media and website data into one clear measure of the Commission's communication performance to make it readable for non-technical audiences.
- Local campaign data collection and reporting**:** Designed the standardised Excel data collection sheet for EC Representations to report local campaigns. I also built an R/Python pipeline that validates and processes the submissions into a Power BI dashboard and automated "Campaign at a Glance" PDF factsheets for management.
- Power BI development**:** Built data models and NUTS2 regional maps showing how resources are allocated across Representations and regions.
- Reporting to senior management**:** Turned analytical results into concise notes, factsheets and briefings for management, supporting evidence-based communication of the Commission's priorities.

BLUEBOOK TRAINEE – EUROPEAN COMMISSION - EUROSTAT – 01/10/2025 – 28/02/2026 – LUXEMBOURG, LUXEMBOURG

- Designing and implementing visual analytics tools for Eurostat (Unit G.4 – Trade in Services, Globalisation) to present ITSS, FDI and FATS statistics. Building interactive dashboards on intra-EU bilateral asymmetries and drafting dissemination material for Eurostat's public platforms.
- Improving the usability and reliability of trade and investment data for EU competitiveness and globalisation policy.

SCIENTIFIC DIPLOMACY COLLABORATOR – AECID - EMBASSY OF SPAIN IN BELGIUM – 18/11/2024 – 30/09/2025 – BRUSSELS, BELGIUM

- Supported the Cultural and Scientific Counsellor in advancing the visibility of Spanish scientific projects, institutions, and professionals in Belgium and at EU level.
- Engaged with EU institutions to identify funding opportunities and strengthen outreach on Spanish science and culture abroad.
- Managed budgets, ensured administrative compliance, and contributed to reports and communication activities, including Spainculture.be and Europalia.

DATA QUALITY EXECUTIVE – KANTAR WORLDPANEL – 10/07/2024 – 13/11/2024 – MADRID, SPAIN

- Ensured data integrity for large-scale consumer panels by implementing automated quality control tools, granting the detection and correction of errors in datasets.
- Validated complex datasets and collaborated with cross-functional teams to enhance data reliability across departments.
- Produced weekly reports on data accuracy for internal use and client presentations.

PUBLIC FINANCES INTERN – AFI – 10/06/2024 – 10/07/2024 – MADRID, SPAIN

- Designed evaluation methods and co-authored technical reports to improve the accountability and effectiveness of public policies.
- Evaluated public finance and social policies and supported the design of new strategies based on findings.
- Developed analytical tools to assess policy outcomes, including alignment with the Sustainable Development Goals (SDG).
- Contributed to the design of the implementation of Madrid's pay-as-you-produce waste tax, introduced in April 2025.

ADMINISTRATIVE OFFICE ASSISTANT – TECOPY – 01/03/2023 – 30/06/2023 – MADRID, SPAIN

- Detection of opportunities for the enterprise and carried out checks to evaluate the company´s compliance with different international and national regulations

MARKETING RESEARCH ANALYST – WAINS – 30/03/2022 – 17/06/2022 – MADRID, SPAIN

- Researched market trends, competitors, and potential clients to support the commercial strategy of a people analytics platform.
- Worked as an SDR by sourcing leads, qualifying prospects, and initiating outreach to generate new business conversations.
